

## Installation Instructions – PM264

## Tree Mount Kit

### Tree mount bracket

Suitable for trees or poles from 4cm to 40cm diameter - 1 metre  
40cm to 80cm diameter - 2 metre

Up to three brackets can be connected in series around the circumference of a tree.

### Compatible with:

SL224 Spot-LIGHTZ and SLGL242 Spot-LIGHTZ Mini

### Contents:

1 x bracket	2 x 8mm ball bearings
1 length black silicone tube	2 x M4 screws

### Installation:

- ➊ Mount light to bracket with supplied screws.
- ➋ Measure circumference of tree or pole and cut black silicone tube to  $\frac{3}{4}$  of that length.
- ➌ Fit 1 x 8mm stainless ball bearing into each end of the silicon tube and push 1 cm up inside tube.
- ➍ Clip one end of the silicon tube into bracket, pull around tree and clip the other end into the bracket.
